

REMARKS

This Amendment under 37 CFR §1.312 is filed with the payment of the issue fee. Upon receipt of a Notice of Allowability mailed April 5, 2007 indicating that claims 1 and 4 to 23 are allowed, Applicant noticed that the previously amended title has not been updated in the "Title of the Invention" section. This amendment to the title was made in a response to Office Action dated February 27, 2007 per the request of the Examiner.

Prior to the issuance of the patent, Applicant requests entry of this Amendment to insure that the issued patent is printed with the correct title.

Applicant respectfully submits that submission of this amendment does not require any additional search or examination. This is to insure that the issued patent is printed with the correct title. No new matter has been added. A marked-up copy of the Issue Fee Transmittal (PTOL-85) is also enclosed to show the correction in the title of the invention.

It is believed that no fees are due for entry of this amendment. However, the Commissioner is hereby authorized to charge any fees due to Deposit Account No. 50-0552.

Respectfully submitted,

DAVIDSON, DAVIDSON & KAPPEL, LLC
